Dear Sir:

The enclosed circular was received by me a long while in an envelope bearing the markings of the Office of the Prime Minister, post marked June 25, Havana, Cuba.

I am quite sure these circulars are, as have been, distributed in many schools in many of our colleges & so forth.

I for one understand the potential danger existing in a group of boys, was that, this "great intellectual" and

phase of our national life. It is slowly and surely creeping into the very clay life of America. It is a force that cannot be fought with weapons or armies on fields of combat. This conflict is a spiritual one, and unless our security agencies; our people, decide to counter this force with equal or superior spiritual concentration, the battle is one-sided, and the enemy will win.

While the enemy parries with threats of armed

3. Talents who may feel cheated out of opportunities for success in their particular fields; but, what about the vast majority of Americans who are un-informed; who prob-ably the idea of "anything bad happening here"?

What are our govt. security agencies doing to counteract the flood of Communist literature pouring into American homes?

To me the threat of Communist infiltration is in very real - it can see it in the streets

conflict, the mental
 thrusts of subtle
 infiltration is wearing
 away the vital principles
 and concepts that
 have kept America in
 the past.

Mr. Dulles, the spy
 business may serve
 well in some areas
 of foreign affairs, but
 the time has come
 when America must
 stand up and declare
 itself and deal openly
 with the enemy. We
 know what - not who -
 the enemy is. Let's face
 this enemy and oppose

his enemy must. An
informed America
will be a vigilant
America. No army
no arm of national
security can defend
us against this enemy
unless the people are
fully, properly
informed.

I will do my
part. I firmly believe
at a time like this
the affairs of State
are the concern of the
Citizens.

If you will please
return this edition
as it wish to display
it in your art, and

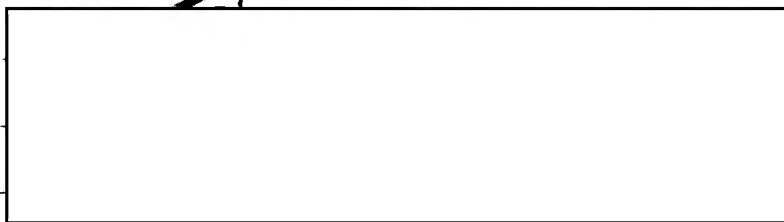

explain its true
significance to as
many people as I can.

If I can be of any
service, please feel
free to call on me.

May God bless and
guide you in Jesus
Name.

Sincerely in Christ

A. Jaworski

SUBJECT : Proposed Reply to a Letter

Attached for your signature is a proposed reply to a letter from Reverend A. Jaworowski of [redacted] in which he enclosed a circular bearing the markings of the Office of the Cuban Prime Minister. The circular advertised a summer colony for students in Havana sponsored by student groups of the University of Havana. Reverend Jaworowski is of the opinion that many of these circulars have been distributed among students in quite a few American schools and colleges, and expresses deep concern over the potential danger of this form of Communist infiltration into the schools and homes of Americans.
